

PURE PLANET

Warm Home Discount Scheme

The Warm Home Discount is a government scheme that offers a one-off energy credit of £140 to those who need it most.

It's managed by energy suppliers, so if you qualify it'll be paid as a credit to your energy account by your energy supplier. The scheme is separated into two groups – called 'Core group' and 'Broader group'. If you receive the Guarantee Credit element of pension credit, you'll automatically qualify as part of the 'Core group'. The Department of Work and Pensions (DWP) will send you a letter to confirm, and they'll notify the energy supplier you were on supply with on 5 July 2020 (the 'qualifying date'). If you're part of this group, there's nothing you need to do. Whichever supplier you were with on the qualifying date should automatically apply the credit for you.

If you don't receive the Guarantee Credit element of pension credit, you may still qualify under the 'Broader group'. For this, you'll need to check the criteria, and then submit an application. Each energy supplier will have slightly different criteria, and they may change year to year.

Below are Pure Planet's Broader group criteria for 2020/21. The Pure Planet account holder, or their partner, must meet one of the Primary Criteria, and one of the corresponding supporting criteria to qualify, if applicable. So, for example, if Primary Criteria 1. applies to you or your partner, then one of the supporting criteria from a) to g) must also apply to qualify.

To apply for the broader group, fill out the application form at www.pureplanetwhd.co.uk.
